Prior Art: Provided in relation to PM 1330, PM 1335, and PM 1345 by PM.

PM 1345 (D458) Single AG Bed (includes pulse heating + steady heating)
Title: ELECTRICALLY-HEATED SMOKING DEVICE.

Current Status: Draft of application started by A. Smith. Related are D219, D427, D541 (Pm1376); Pm1330 + Pm1334

Prior Art: Provided by PM.

PM 1369

Title: ELECTRICALLY-HEATED SMOKING ARTICLE.

Current Status: First draft of application sent to client on 7/12/89. Awaiting inventor's comments.

Prior Art: Not provided as yet.

2028662615

PM 1376

Title: USE OF SUPER CAPACITORS TO DELIVER
ELECTRICAL ENERGY FOR BETA-TYPE SMOKING ARTICLE.

Current Status: Disclosure received but no action
yet taken.

Prior Art: None provided.

There happens to be alot of overlap in these
disclosures, particularly with respect to prior art. I
suggest that one person be assigned to coordinate the
preparation and filing of all of these applications, review
of relevant prior art, etc. I am interested in undertaking
this task if you deem it appropriate.

Randall L. Owen
